

Colorado State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: COLORADO

CO Cumulative 5-year net migration

+31,812 residents

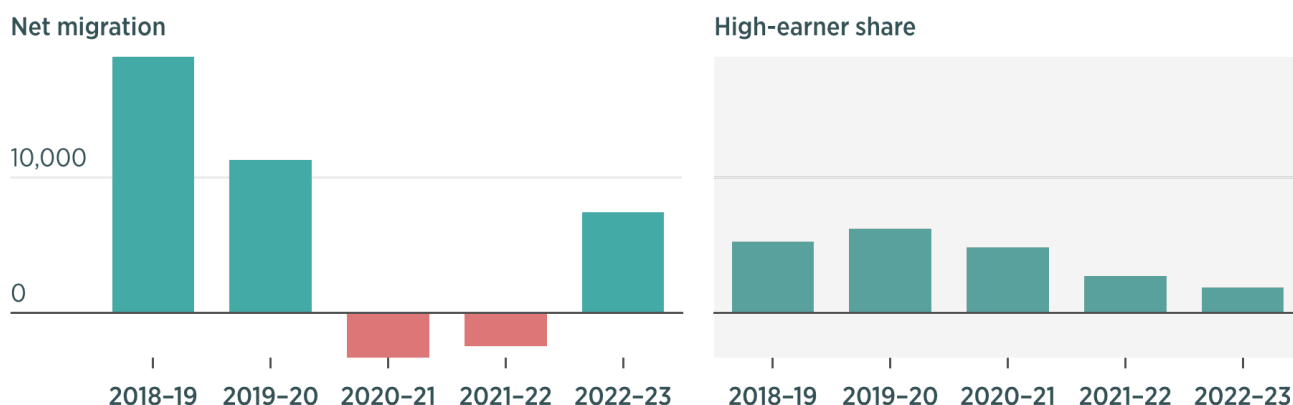

+20,852 (65.5%) high earners

CO Cumulative 5-year net income gain/loss

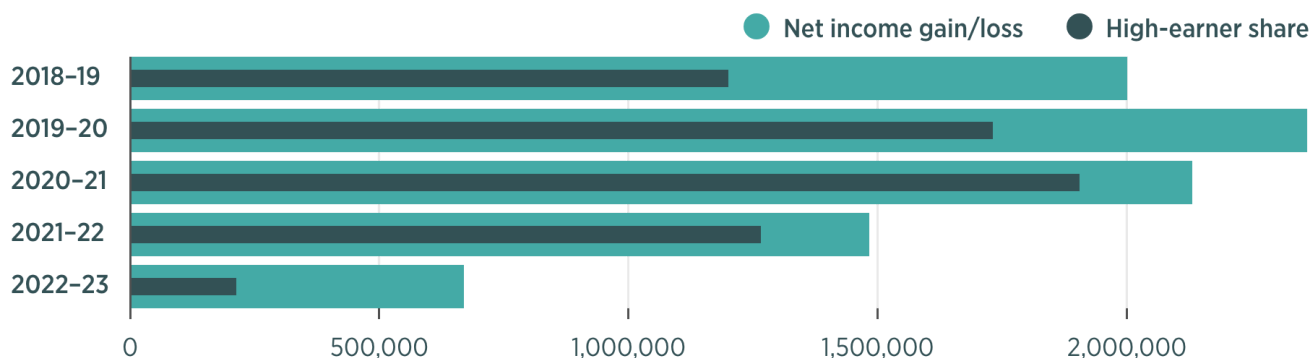

+\$8.6 billion

+\$6.3B (73.3%) from high earners

Colorado: Net migration from other states (number of residents, 2018–2023)

Colorado: Net income gain/loss (\$ thousands, 2018–2023)

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than \$200,000 adjusted gross income).
