DATA SHEET • INTERSTATE MIGRATION SERIES

Connecticut State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: CONNECTICUT

CT Cumulative 5-year net migration

−25,867 residents

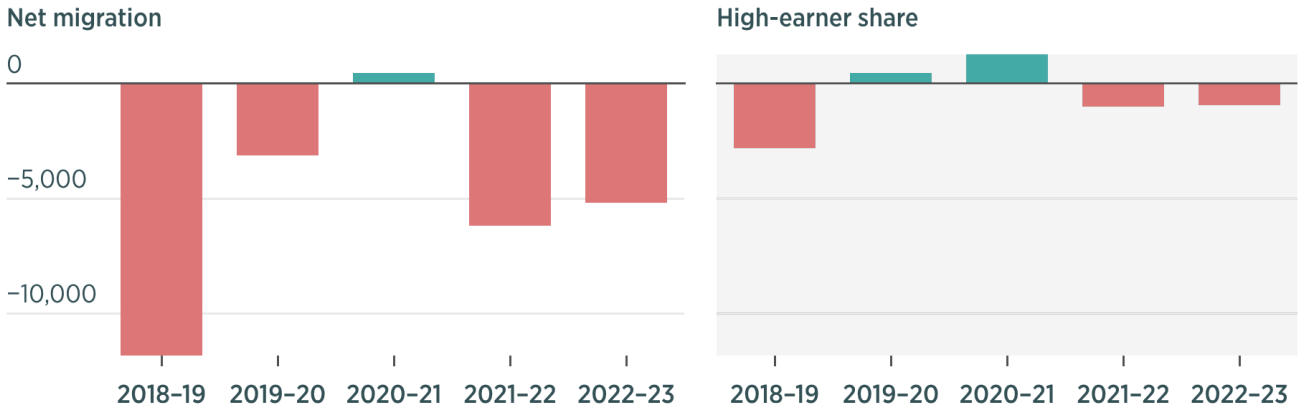

−2,987 (11.5%) high earners

CT Cumulative 5-year net income gain/loss

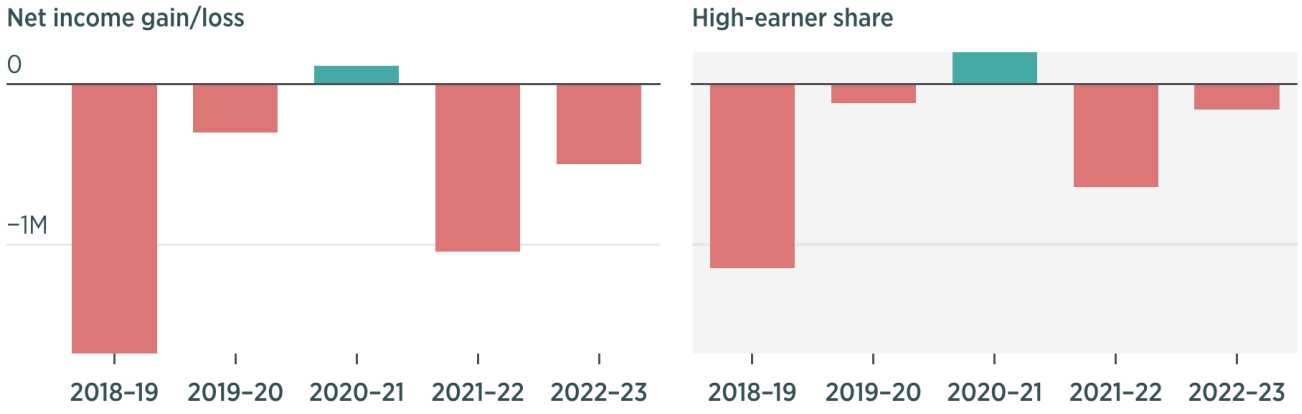

−$3.4 billion

−$1.9B (55.9%) from high earners

Connecticut: Net migration from other states (number of residents, 2018–2023)

Connecticut: Net income gain/loss ($ thousands, 2018–2023)

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than $200,000 adjusted gross income).
