DATA SHEET • INTERSTATE MIGRATION SERIES

Louisiana State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: LOUISIANA

LA Cumulative 5-year net migration

−110,931 residents

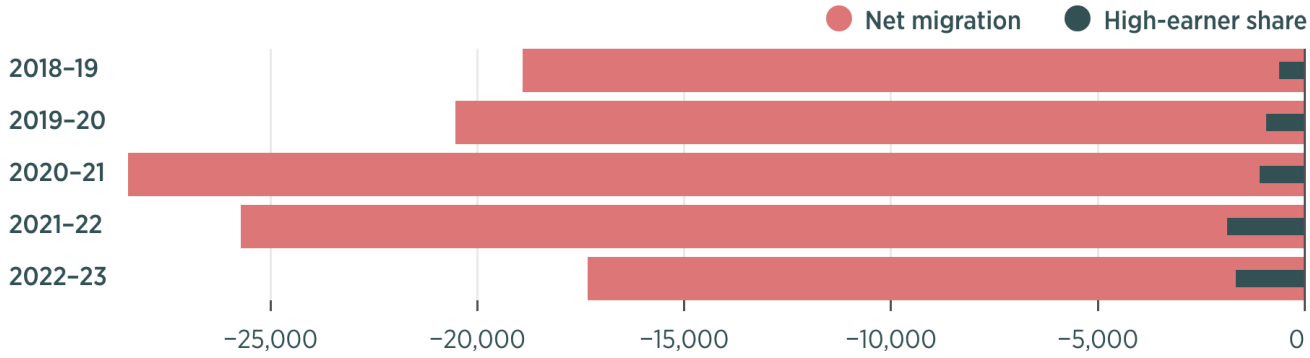

−6,201 (5.6%) high earners

LA Cumulative 5-year net income gain/loss

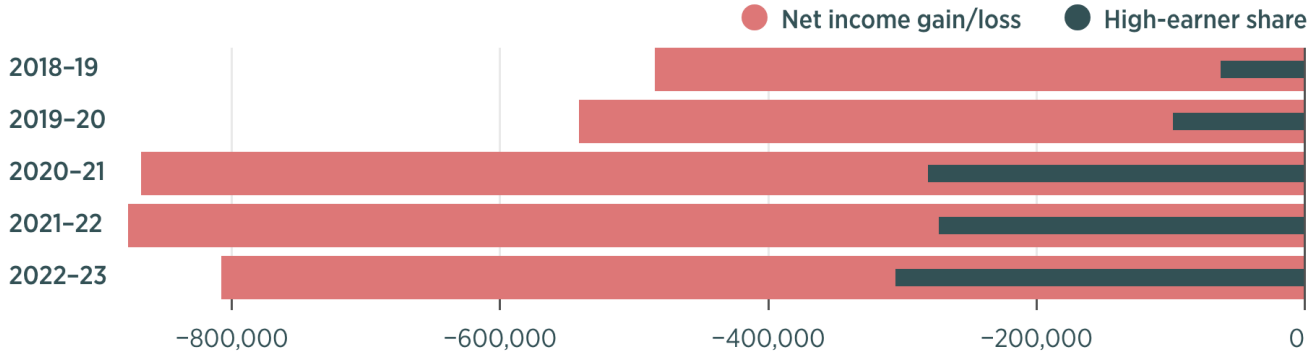

−$3.6 billion

−$1B (27.8%) from high earners

Louisiana: Net migration from other states (number of residents, 2018–2023)

Louisiana: Net income gain/loss ($ thousands, 2018–2023)

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than $200,000 adjusted gross income).
