

Maryland State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: MARYLAND

MD Cumulative 5-year net migration

–105,990 residents

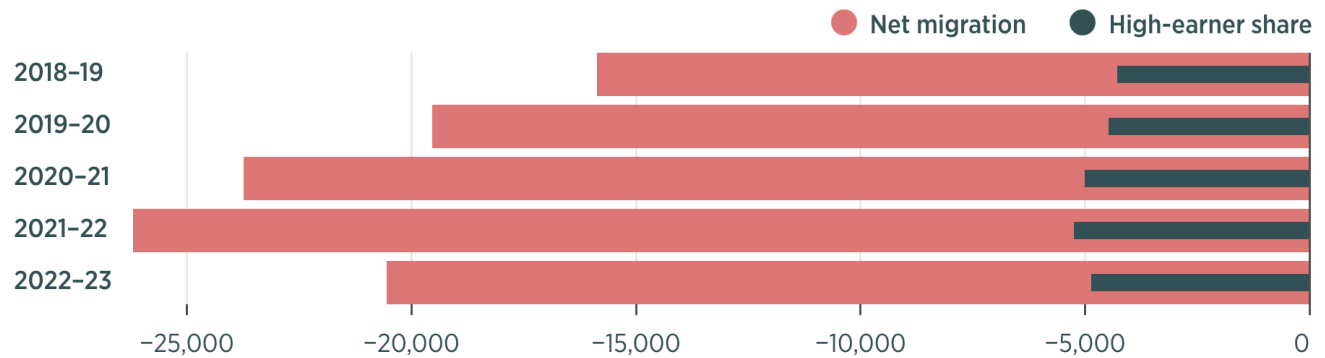

–23,917 (22.6%) high earners

MD Cumulative 5-year net income gain/loss

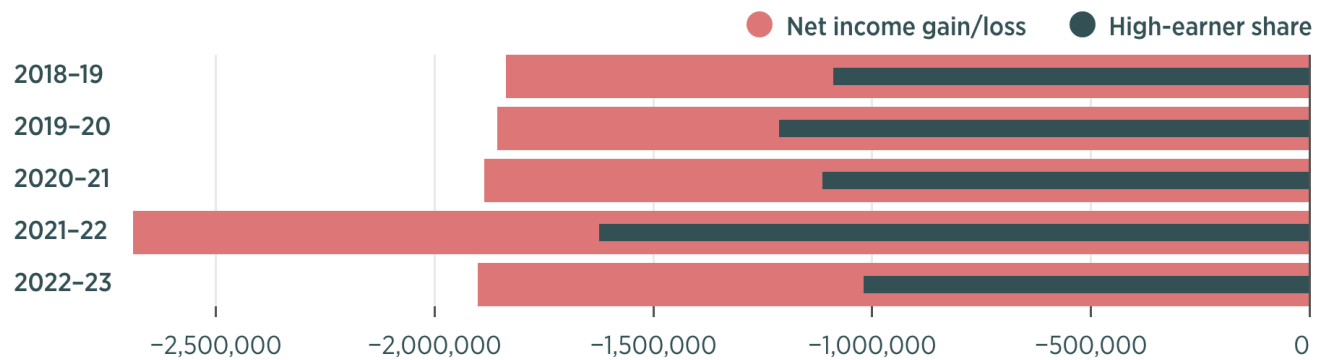

–\$10.2 billion

–\$6.1B (59.8%) from high earners

Maryland: Net migration from other states (number of residents, 2018–2023)

Maryland: Net income gain/loss (\$ thousands, 2018–2023)

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than \$200,000 adjusted gross income).
