

Missouri State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: MISSOURI

MO Cumulative 5-year net migration

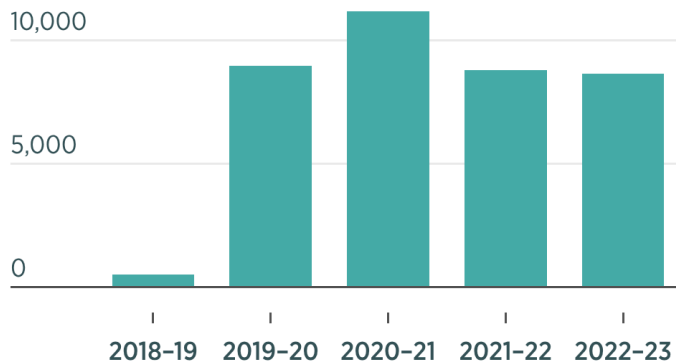

+38,135 residents
-2,246 high earners

MO Cumulative 5-year net income gain/loss

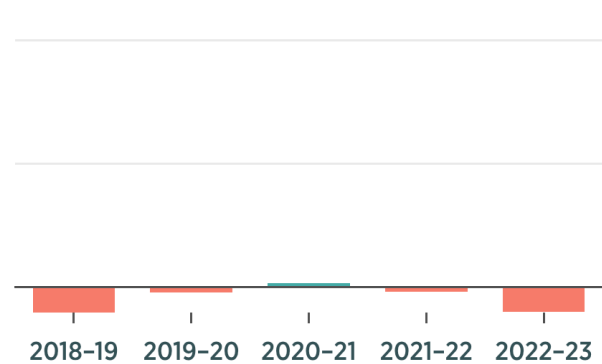

-\$1.6 billion
-\$2.2B from high earners

Missouri: Net migration from other states (number of residents, 2018–2023)

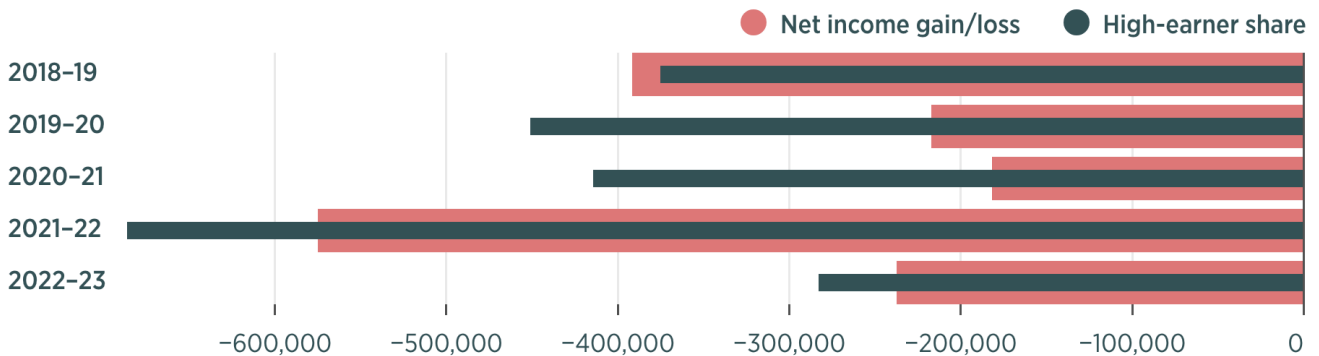

Net migration

High-earner share

Missouri: Net income gain/loss (\$ thousands, 2018–2023)

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than \$200,000 adjusted gross income).
