

New Mexico State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: NEW MEXICO

NM Cumulative 5-year net migration

–4,115 residents

–491 (11.9%) high earners

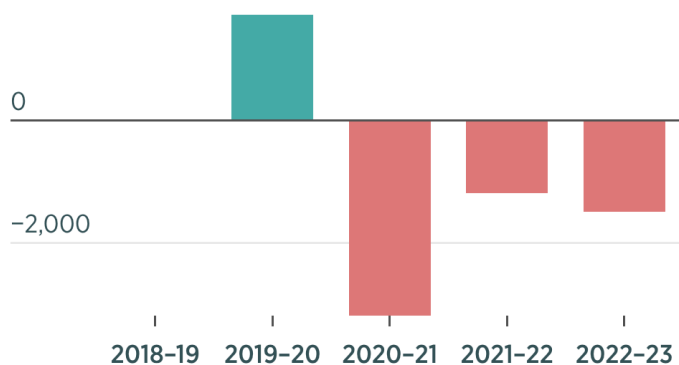

NM Cumulative 5-year net income gain/loss

–\$393 million

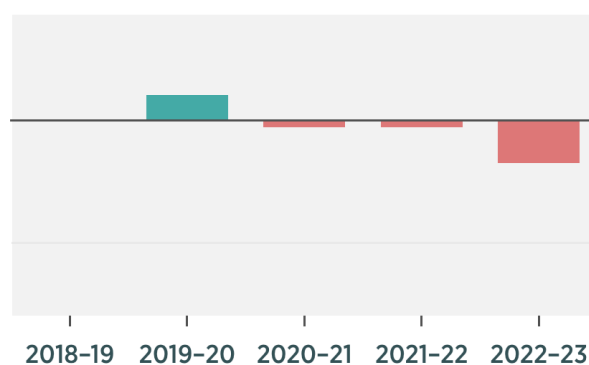

–\$291M (74.0%) from high earners

New Mexico: Net migration from other states (number of residents, 2018–2023)

Net migration

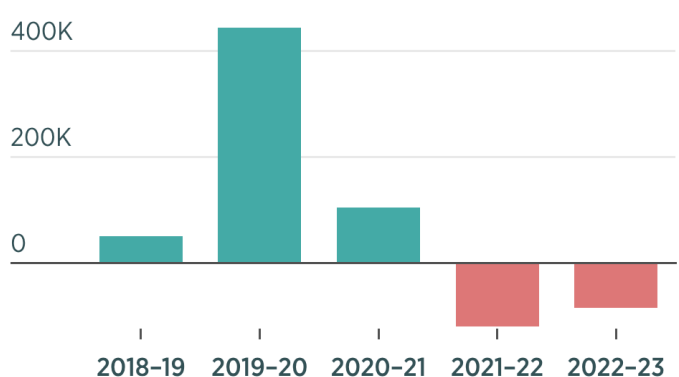

High-earner share

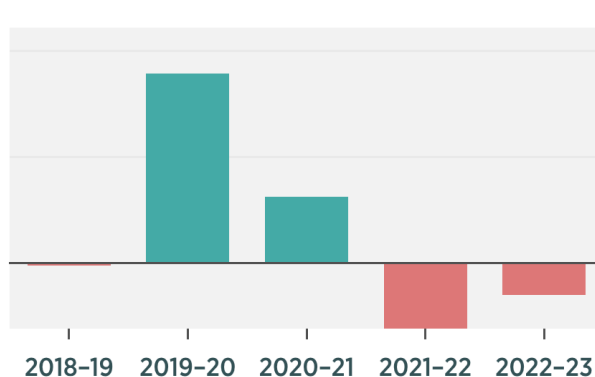

New Mexico: Net income gain/loss (\$ thousands, 2018–2023)

Net income gain/loss

High-earner share

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than \$200,000 adjusted gross income).
