

Oklahoma State Migration, 2018–2023

Population and income movement over five years

KEY FINDINGS: OKLAHOMA

OK Cumulative 5-year net migration

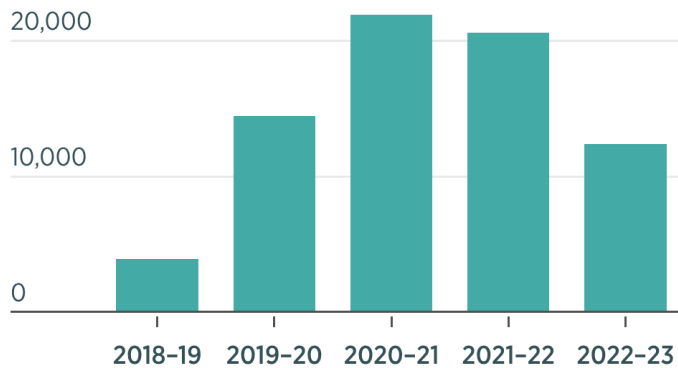

+73,277 residents
+1,627 (2.2%) high earners

OK Cumulative 5-year net income gain/loss

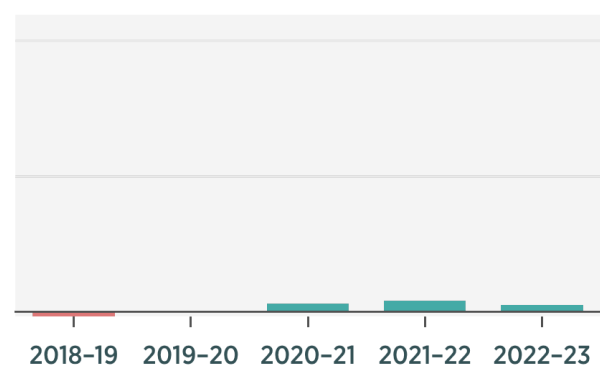

+\$1.4 billion
+\$51M (3.6%) from high earners

Oklahoma: Net migration from other states (number of residents, 2018–2023)

Net migration

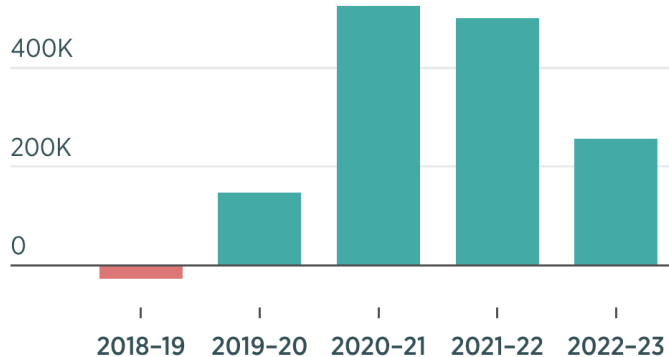

High-earner share

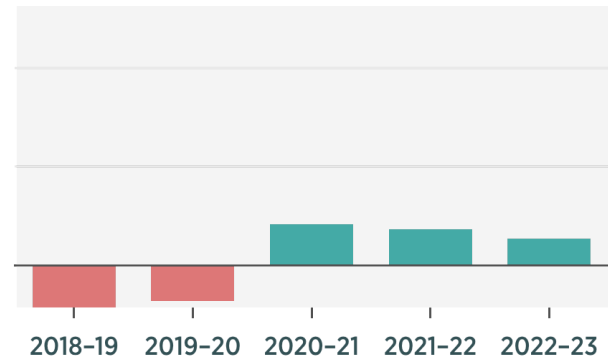

Oklahoma: Net income gain/loss (\$ thousands, 2018–2023)

Net income gain/loss

High-earner share

The calculations are based on "Gross migration file" data, 2018–2023, from the Internal Revenue Service (IRS), "SOI Tax Stats - Migration Data" (dataset), last reviewed March 20, 2026.

"High earners" refers to taxpayers in the highest tax bracket (more than \$200,000 adjusted gross income).
